MICROSTUF ®

Dear Prospective Customer,

Thank you for the inquiry about our products. We are enclosing the information you requested along with additional literature which covers some of our other Data Communication Software products.

We are a software house specializing in data communications software for microcomputers. Our CROSSTALK communications package for CP/M & MS-DOS is fast becoming the "industry standard" communications program. It is available for more hardware/modem combinations than any other communications package on the market.

We presently support the following 5" disk formats:

Altos	Hyperion	Sanyo
Apple II (CP/M)	IBM	Sony (3½" Micro disk)
Columbia	Intertec (All)	Sperry
Compaq	Kaypro II	Televideo (All)
Corona	Lanier EZ-1	TI Professional
Cromemco	Monroe	Toshiba T300
DEC Rainbow	Morrow	Vector Graphics (All)
DEC VT-180	North Star (All)	Victor 9000 (MS-DOS & CP/M-86)
Digilog	Osborne	Xerox 820 & 820-II
Eagle (All)	OSM Zeus	Zenith/Heath (All)
Epson QX-10	Otrona	Zorba

We also support the following 8" disk formats:

Alspa (All Models)	Dynabyte	Sierra Data Sciences
Altos (All Models)	IMS (740 & 480 Board Only)	Toshiba
Archives	MAX 80 LOBO	TRS-80 Model II Only
Cal. Comp. Sys. 2718	Molecular	Vector Graphics (All)
Cromemco (TU-ART)	NEC APC (CP/M-86)	Xerox 820 & 820 II
Data Point 1550	North Star HSIO-4	Zenith/Heath (All)

If your computer or format is not listed please call, we are constantly adding new formats.

The suggested retail price of CROSSTALK is $195.00. You can obtain a copy from your local computer dealer.

Please do not hestitate to call if you have any questions and thank you again for your interest in our products.
